Location of Complaints Policy and Procedure

- On the website
- At the Training Ahead Australia office
- In the Student Handbook

Nature of Complaints

The RTO has a Complaints Policy and Procedure to manage and respond to allegations involving the conduct of:

- The RTO, its trainers, assessors, or other staff
- A third party providing services on the RTO’s behalf, its trainers, assessors or other staff
- A learner of the RTO.

Complaints may be made in relation to any of Training Ahead Australia’s Services and Activities such as:

- A third party providing services on the RTO’s behalf, its trainers, assessors, or other staff
- The application and enrolment process
- The quality of training and assessment provided
- Training and assessment matters, including student support, reasonable adjustment, and assessment requirements
- The actions of another student
- Marketing information
- The RTO, its Trainer and Assessors and other staff and the way someone has been treated

How is a Complaint different to a Concern?

Training Ahead Australia’s complaint process is a formal process in which Training Ahead Australia must respond to the complainant. The complaint process also leads to Training Ahead Australia’s appeals process.

A concern is something that is of interest, importance or connected to one or more of the above people, that they feel could be improved, as it is affecting their or others satisfaction with their involvement with Aakira. A concern is when a person is dissatisfied, but not to the extent of discontent or dissatisfaction that they want to raise a complaint. When this person or persons raise a concern, they want to raise the concern in an informal way, not through the complaints process or continuous improvement process.

In summary, a 'concern' is an issue of interest (because of its importance and effect), which is raised informally in order to improve or change a situation.

Principles of Resolutions

Training Ahead Australia is committed to developing a Policy and Procedure that ensures the principles of natural justice and procedural fairness are adopted at every stage of the complaint process.

Throughout this Policy and Procedure, Training Ahead Australia ensures that complaints:

- Are responded to in a consistent and transparent manner
- Are at no cost to the individual
- Are responded to promptly, objectively, with sensitivity and confidentiality
- Are used as an opportunity to identify potential causes of the complaint and take actions to prevent the issues from reoccurring in addition to identifying areas for improvement
- Complaints will be resolved on an individual case by case basis

- Any complaints will not affect or bias the progress of the individual in any current or future training or services
- Training Ahead Australia will be maintaining the student’s enrolment while the complaint handling process is ongoing

Appeals – Policy and Procedure

Purpose

The purpose of this policy and procedure is to outline Training Ahead Australia’s approach to managing appeals to assessment outcomes. This includes managing requests for a review of assessment decisions, including those made by third party training and assessment providers who provide services on behalf of Training Ahead Australia. It provides a clear process and is transparent approach for all appeals to be addressed in a fair, efficient, and confidential manner.

This Policy and Procedure refers to Standard 6 of the Standards for Registered Training Organisations 2015

“RTOs must implement a transparent complaints and appeals policy that enables learners and clients to be informed of and to understand their rights and the RTO’s responsibilities under the Standards. Enterprise RTOs and volunteer associations that do not charge fees for the training and/or assessment and only provide training to employees or members are not required to maintain a separate complaints and appeals policy in relation to their training and assessment. These organisations must ensure, however, that their organisation’s complaints policy is sufficiently broad to cover the activities as an RTO.”

Policy Statement

Training Ahead Australia acknowledges that clients have the right to appeal an assessment decision, based on valid grounds for appeal.

Training Ahead Australia has provision for clients to appeal against assessment decisions, including those made by a third party partner.

Training Ahead Australia is committed to maintaining an effective, timely, fair, and equitable appeals handling system, which is easily accessible. We do this by:

- Having a culture that views appeal as an opportunity to improve our organisation and how it works
- Having an appeal handling system that is client/student focused
- Ensuring that appeals are resolved promptly, objectively and with sensitivity and in complete confidentiality
- Ensuring that the views of each appellant and respondent are respected and that any party to appeal is not discriminated against nor victimised
- Ensuring there is a consistent response to appeals

Information provided to clients is consistent with Training Ahead Australia course services arrangements. Training Ahead Australia ensures all fees and charges related to the provision of training services are outlined to all parties prior to enrolment. Information provided is clear, accurate and sufficient to enable an informed choice.

Training Ahead Australia fees are designed to minimise the impact of fees and charges, through flexible payment plans, dependent on service type. Training Ahead Australia is committed to cost efficiency for Recognition of Prior Learning (RPL) applications and will at all times seek to complete RPL applications at the same cost or lower than normal course delivery costs.

Course Tuition Fees

All fees are published and available on the Training Ahead Australia website. Published fees information includes fee rates for each training product, including full fee for service, subsidised, concession and exemption fee rates for each course and relevant government jurisdiction.

Training Ahead Australia charges students (and/or their employer or school) the mandatory or at least the minimum course tuition fee in accordance with the relevant specific jurisdictional training initiative requirements.

Incidental Expenses Resource Other Fees

There may be some instances of a personal cost to a Student over and above the general course fees. These costs include:

- Essential equipment and other items that the student has the choice of acquiring from Training Ahead Australia, or from a supplier other, that become the physical property of the student, are retained by the student on completion of training, and are not consumed during the training. Example: tool kit.
- An optional charge for an item that is not essential for the Student to complete the training.
- An optional charge for an alternative form of access to an item or service that is an essential component of the training but is otherwise made readily available at no additional fee by Training Ahead Australia.
- Field trips and food, transport and accommodation costs associated with the provision of field trips that form part of the training.
- Any textbook the Student requires for their course that is retained by the Student after completion of the qualification.

Other fees may be charged for alternate forms of access to essential goods or services that are otherwise made available by Training Ahead Australia at no additional cost, such as course reading material that is available free of charge through another source.

These fees do not exceed cost recovery. Any increases to the resource fee must not exceed a Perth consumer price index (CPI) increase of 1%. Where appropriate, accountable officers may apply a resource fee to new or existing courses where they have not previously applied.

For each qualification, Training Ahead Australia publishes on its website any additional costs that a Student will or may incur and ensure that Students are aware of these costs prior to enrolment.

Training Ahead Australia provides the student or employer (where relevant) with receipts for any monies collected by Training Ahead Australia for incidental expenses. Training Ahead Australia retains copies of receipts issued.

Services Not Incurring Fees

Training Ahead Australia does not charge Students separate fees for goods and services that are considered an RTO’s responsibility.

For example, Training Ahead Australia does not charge fees for costs associated with goods and services such as enrolment, records archiving, the purchase or depreciation of equipment or general infrastructure, IT support, and access to general learning and personal support services such as mentoring, study skills programs and career guidance. Separate fees may not be charged for negotiating training plans or determining employers’ capacity to train.

Fees are not charged for any items that will be retained by the student as their own personal property, such as tools, protective clothing or textbooks. Such items are purchased separately by the student.

Embedded Qualifications

In some cases, a qualification may include all the units of competency required to complete a lower level qualification, an ‘embedded’ qualification. The student may wish to be issued with a testamur for the lower level qualification in addition to the higher one they enrolled in.

In this case the student has paid the fee for the higher level qualification. Training Ahead Australia does not charge an administrative fee to produce the additional testamur.

Repeated Assessment

Students are able to attempt assessment to complete a unit of competency on three (3) occasions within their initial course fee. Training Ahead Australia does not levy additional fees for these attempts.

Notifications and Guarantee

Training Ahead Australia notifies clients as soon as practical after any change occurs that may affect the course services being provided. This includes changes of significant impact including:

- Any changes to, or new Third Party arrangements Training Ahead Australia puts in place, for the delivery of services to those specific clients; and
- A change in ownership of the RTO entity should that occur.

Training Ahead Australia guarantees that no additional charges will be imposed during the period covered by the Course Fees Agreement.

All students are offered the option to pay fees across multiple instalments. Where an employer pays fees this is typically paid in one instalment.

Third Party Fee Arrangements

Training Ahead Australia Third Party representatives do not collect fees on behalf of Training Ahead Australia.

Training Ahead Australia Fee Protection

Training Ahead Australia does not collect more than \$1,500 in prepaid fees (fees in advance) from Students at any time for any course service. As such, no further fee protection arrangements are required. The requirements that apply to prepaid fees include all fees that a Student is required to pay, including enrolment fees, tuition fees, materials fees and any other fee component that is a mandatory payment for the course.

Training Ahead Australia is required to protect prepaid fees from individual Students and prospective Students. These requirements do not apply for employers for example, where an employer engage Training Ahead Australia to provide training and/or assessment to its personnel.

Payment of Fees

Enrolment is not considered complete until statutory and RTO enrolment-based fees and charges are paid, deferred payment arrangements have been made or fees and charges have been waived.

On enrolment, Students must take up one of the following payment options:

- Pay the full amount of fees and charges;
- Present an authority from an employer to invoice that employer for the Student’s fees and charges;
- Pay the fee by instalment; or
- Make application on the grounds of severe financial hardship for fees and charges to be waived for courses below diploma level.

Students who fail to take up one of the above options are not enrolled. Apprentices and trainees are treated the same as other students and are legally liable to pay fees.

Payment Instalments

Students are given a minimum of four weeks from the commencement of the unit to finalise payment when paying by instalment.

Where approval has been given for a student to pay by instalment, Training Ahead Australia is responsible for the collection of outstanding fees and charges. Fair and adequate recovery procedures are in place to manage the collection and recovery of monies.

Students who have fallen behind in their payments are not enrolled in additional units unless appropriate arrangements, agreed to by both the student and present a signed authority from an employer to invoice that employer for the student’s fees and charges, have been put in place to pay the amount outstanding.

Recovery of Outstanding Student Fees

Training Ahead Australia collects all fees to be paid by the student by the time they complete their subsidised training. Training Ahead Australia retains student fees that it collects.

Training Ahead Australia has a robust process for the recovery of outstanding fees from a student, involving:

- Multiple fee statement reminders progressively via email and phone contact;
- Suspension of enrolment due to non-payment of fees; and
- Lodgement of fees for collection in cases of extended non-payment.

The failure by a student to pay a fee owing is considered to be a breach of discipline and can lead to penalties being imposed on the student under Discipline arrangements.

One of the penalties that may be considered is the delay in release of results or testamur(s) as relevant to the student until all fees are recovered, depending on the contractual requirements in each jurisdiction. For significant student debts, formal debt collection actions may also be undertaken.

Refunds

From time to time a refund may be required for specific student cases. Refund information and arrangements are made available to clients prior to enrolment through:

- Training Ahead Australia’s Student Handbook;
- Training Ahead Australia website; and
- As a part of the Agreement completed prior to enrolment.

Training Ahead Australia has publicly published on its website and makes students aware of this Refund policy before enrolment.

Enrolment Fees

Enrolment fees paid for any course service cover administrative components of service provision and are often mandatory fees in the cases of publicly funded course services. In these cases, enrolment fees are non-refundable once the course service has commenced.

Training Ahead Australia’s general refund arrangements for all course services, including the provision of refunds to employers/industry for additional charges paid beyond the student and government contributions, are as follows:

Refund Arrangements	
Training Ahead Australia is unable to commence the course for which the original enrolment and payment has been made.	Full refund of all fees levied or placement in an appropriate alternate course, as per the clients’ preference.
Student withdrawal before course commencement and/or the ‘withdrawal with no penalty cut-off date.’	<ul style="list-style-type: none"> • Full refund of course tuition fees paid. • A full refund of any resource fee if the course is a Diploma or Advanced Diploma course; or • 50% of any resource fee if the course is below Diploma level.
Recognition of Prior Learning and/or Credit Transfer has been granted.	Pro-rata refund paid based on a calculation of the number of units that have received RPL or CT results and the fees paid to date.

Student withdrawal after unit commencement.	No refund payable for units of competency beyond the ‘withdrawal with no penalty cut-off date.’

The same refund arrangements as outlined above apply to the provision of refunds to employers/industry for any additional charges that had been paid beyond the student and government contributions.

Refunds Due to Non-Provision of Services

All fees levied are refunded in full if Training Ahead Australia is unable to commence the course service as agreed due to a lack of minimum Student numbers, a course or unit is cancelled or re-scheduled to a time unsuitable to the student, a student is not given a place due to maximum number of places being reached, where a student withdraws from training not of their own accord, or any unforeseen circumstances.

A full refund of relevant unit tuition fees will be paid at any time during delivery if a class is cancelled because of declining student numbers, no available training personnel, Training Ahead Australia is no longer approved to deliver government supported courses in the relevant jurisdiction, where Training Ahead Australia closes or due to other circumstances caused by Training Ahead Australia.

Where there is an instance of Training Ahead Australia default due to unforeseen circumstances, Training Ahead Australia will endeavour arrange for another course, or part of a course, to be provided to Students at no (extra) cost to the student as an alternative to a refund. Where the student agrees to this arrangement, Training Ahead Australia will not refund fees paid.

Refunds Due to Request Hardship Application

Students may have extenuating circumstances that prevent them from attending scheduled course dates that may include but are not limited to illness, family or personal matters, or other reasons that are out of the ordinary.

Where delivery has commenced, course fees have been paid and an employer or Student believes a special circumstance refund is warranted, the client may apply for a refund by writing to the RTO Manager via email at:

Training Ahead Australia
 Dannielle Walz | M: 0437 653 328 | E: danielle@trainingahead.com.au

Training Ahead Australia generally approves a pro rata refund of fees and charges at any time during the course of delivery if Students withdraw for reasons of personal circumstances beyond their control, such as

- Serious illness resulting in extended absence from course activities;
- Injury or disability that prevents the Student from completing their course; or
- Other exceptional reasons at the discretion of Training Ahead Australia.

In all cases, relevant documentary evidence (for example, medical certificate) is required. Details of all refunds are retained for audit purposes.

This decision of assessing the extenuating circumstances rests with the RTO Manager and shall be assessed on a case by case situation.

All refund applications are assessed and processed within fourteen (14) days of the application being placed. The applicant will be advised in writing of the outcome of their application, including reasons for refusing a refund in cases where this occurs.

Training Ahead Australia does not provide a refund in cases where a student has withdrawn from a qualification but has completed all the requirements for a lower level qualification, which attracted a lower student fee.

All clients have the right to appeal a refund decision made by Training Ahead Australia. Please refer to the Complaints section for further information.
