

Environmental Policy

Training Ahead Australia recognises that conservation of the environment is an important issue for our community. We recognise the importance of maintaining a high standard of environmental care in conducting our activities in the rail corridor. TAA’s Management is committed to minimise pollution and contributing towards a sustainable future by operating our services in a manner that reaches a balance between environmental, economic and social activities.

TAA’s business activities will be managed in a manner that minimises adverse environmental impacts and delivers continual improvement in environmental performance.

This will be achieved by:

- Complying with all relevant environmental legislation, standards and requirements set by our stakeholders and others.
- Identifying our significant environmental impacts and take action to prevent pollution to air, water and land which may occur as a result of our activities.
- Minimising waste and improving resource use efficiency.
- Purchasing and using natural resources in a responsible and sustainable manner.
- Ensuring our employees, contractors and other stakeholders working on our behalf understand and have skills and resources to comply with this policy.
- Implementing and maintaining an Environmental Management System that follows the principle of ISO 14001:2015.
- Periodically reviewing this policy and effectiveness of the management system procedures in delivering our measurable environmental objectives.
- A commitment to the protection of the environment, including prevention of pollution and other specific requirements
- Maintaining the environmental aspects and impacts register to maintain risk and opportunities associated with adverse or beneficial environmental impacts.

TAA senior management endorses this policy and will ensure that all TAA employees are accountable for ensuring all business activities, facilities, plant and equipment within their area of responsibility are managed in accordance with this policy.

TAA may amend and vary this policy from time to time.

Dannielle Walz
